CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using Sega Dreamcast:

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunction:

- Before removing disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.

- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean disc.

MAIN MENU

Choose from the following options to begin playing **Tony Hawk's Pro Skater**. Using up/down on the directional buttons, choose the type of game you want to play. Press "A" to start that game. Two controllers must be plugged into the Sega Dreamcast to play a Two Player game.

ONE-PLAYER GAMES

Career Mode: As a pro skater you've got to hit the local spots and try to get your best sessions on videotape. Collect videotapes by attaining the goals shown on the loading screen. These tapes will unlock levels, equipment, and competition invites as the game progresses.

Single Session: Choose a single level and skate an all out two-minute session in an effort to set new high scores. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

Free Skate: No time limits, no high scores, no cops, no pressure. Choose a single level and skate as long as you like. Work the obstacles over and over again until your tricks are tight. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

In order to save a new game, be sure to have one block of free space available on your VMU, since the game will not allow you to overwrite an

existing career. To check the status of your VMU and/or delete existing games, use the Sega Dreamcast internal VMU Manager. Continue Career will allow you to update the same block.

TWO-PLAYER GAMES

Graffiti: A split screen race to see who can hit more tricks in the environment. "Tag" obstacles with your color by tricking off of them. Steal your opponent's obstacles back with a bigger trick. Whoever tags the most objects in the two-minute session, wins. Tag pipe and pool lips by tricking on them from inside the ramp or pool.

Trick Attack: It's a two-minute free-for-all to see who can skate the best line and rack up the most points. Try introducing your opponent's face to the concrete by running into them.

HORSE: It's a one-on-one best trick contest. Bust a single trick, then watch as your opponent tries to beat your score at the same spot. If he or she matches your score, play passes back and forth until somebody bails. Whoever slams gets a letter—first player branded with all letters, loses!

Choose this to go to the Options menu.

SPOT CHECK—THE GAME LEVELS

Warehouse: Woodland Hills—Practice up in an abandoned warehouse full of ramps, pipes, rails, and gaps. This is the best place to get the basics down before rippin' it up in the rest of the game.

School: Miami—Dumpsters, lunch tables, and long rails. Ahhh... paradise can be found in this deserted school! And don't forget to carve up the pools for some huge air and sweet transfers! Anybody for a game of hoops in the gym?

Mall: New York—Take a little after-hours stroll through the indoor/outdoor mall. This place is filled with huge stair sets and escalators just beggin' to be cleared. Check out the upper level for some killer gaps!

Contest 1: Skate Park, Chicago—You've got three runs to take it out on all of the other pro skaters in the "Windy City Slam" contest. Five judges will score each run based on variety, difficulty, and style. When all is said and done, the top three finishers will receive shiny new medals to wear around their necks.

Downtown: Minneapolis—Dodge traffic and air it out over the fountain in the center court. This is a nice wide-open scene with lots of kicker ramps and fire escapes that make for some insane grind combos. And who said you have to stick to the streets? Rip up everything in sight and try to make it to the roof tops for some serious gaps.

Downhill Jam: Phoenix—Speed. Air. Speed. Air. Speed. Air. Get the picture? This crazy downhill run, set in a river gorge, is the place to be if you're looking for over-the-top speed and air. Grab the high rails and paths overhead for the scores that'll have even the big boys scratchin' their heads. Did we mention speed and air?

Contest 2: Burnside, Portland—This is the final contest before you make your way to the skate mecca that is San Francisco. The rules are the same as the first contest. Five judges, three runs, ten competitors, three medals. This familiar spot under an Oregon bridge has some killer lines that make for huge points, so get creative and bust out the combos that'll get you that gold.

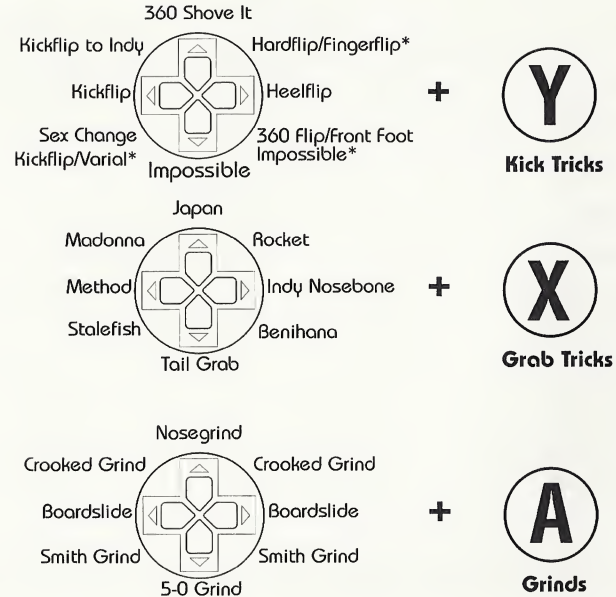

Streets: San Francisco—Skaters will recognize spots like Hubba Hideout and EMB (R.I.P.) while tourists can stick to Lombard Street and Chinatown. Grind anything and everything and be sure to hit the long rails and tons of gaps along the way. Only the best can tear it up enough to get a final mystery invitation to an enigmatic, not so far off land. Hmmm...

Contest 3—Have you seen him? Yup...and if you thought that thing was cool ten years ago, you ain't seen nothin' yet!
